

Excavations: The Grave Danger

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This seminar will provide an overview of MIOSHA Part 9, Excavations, Trenching, and Shoring. This program will include a description of the hazards in and around an excavation, a discussion on the duties and role of the qualified person, a discussion on soil classification and testing, and an overview of the protective systems used to support and protect employees in an excavation. This program is an elective for the MTI construction compliance tract. As an elective for the MTI program there will be a review and assessment at the end of the program.

Agenda

*We offer a flexible
program agenda
to emphasize the
construction
topics you
want most.*

- ▶ Part 9. Excavations
- ▶ Material Handling
- ▶ Electrical Hazards
- ▶ Soils Identification
- ▶ Hazardous Atmosphere

***This course has been approved for both residential builders
pre-licensure and continuing safety training requirements.***

The meeting site and parking are accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517-284-7720 at least 30 days before the program. The Department of Labor and Economic Opportunity (LEO) is an equal opportunity employer/program.

Facilitator

Mark Ginter is a Construction Safety Consultant with the Consultation, Education, and Training division of MIOSHA. Mark currently provides consultation and training services for counties in Mid-Michigan including: Arenac, Bay, Clare, Genesee, Gladwin, Gratiot, Huron, Isabella, Mecosta, Midland, Montcalm, Saginaw, and Tuscola.

Mark is passionate about partnering with employers and their employees to promote and develop safe work practices so they can grow their business. He firmly believes that safety is not an accident and that by working together everyone can go home injury free every day. Before coming to MIOSHA Mark worked in the construction and building materials industry for over 20 years. In addition to experience as a carpenter in both commercial and residential settings, he has experience in: construction project management, power equipment and safety training, material distribution and logistics, employee development, and material manufacturing. Mark has a broad range of experience in utilizing safety training and standards to meet ISO requirements, develop operational excellence, improve employee retention, and improve financial performance.

Mark is a graduate of Central Michigan University with a Bachelor of Science degree in Psychology as well as a Master's degree in Business Administration from Northwood University.
